## Commercial Roofing Contractor in Chicago, Illinois

Founded in 1978, Anthony Roofing Ltd, a Tecta America commercial roofing company, started as a pioneer in the roofing industry by installing white single-ply roofing membranes in the Chicago area. Over the years, Anthony Roofing has broadened their knowledge and skills to provide a wider selection of services and roofing project management. Also, we service customers throughout our portfolio with specialized needs in both restoration and new architectural sheet metal.

Today, we provide services for commercial, industrial and institutional roofing and sheet metal needs with roof asset management, and repair services including, emergency leak services, and maintenance schedules. We offer the best in industry installations of almost all roofing and sheet metal products and systems. Anthony Roofing is a signatory union contractor with local 11 roofers and local 265 sheet metal.

Safety is our number one concern. Our employees and our customers expect to be safe on the job. The company has recognized the need to have safety as a deep-rooted conviction to make us not just a company with a safety policy, but most importantly, a "safe company."

Tecta America Corporation has grown to over 60 locations nationwide becoming one of the largest roofing contractors in the United States and is an approved applicator of [GAF](#), [Johns Manville](#), [Carlisle](#), and [Firestone](#) and all other major manufacturers roofing material.
