

# Sioux Falls, South Dakota – Commercial Roofing Contractor – Architectural Roofing & Sheetmetal Inc.

[stm\_sidebar sidebar="9342"]

## Commercial Roofing Contractor in Sioux Falls, South Dakota

### History

ARS, A Tecta America Company, LLC is a commercial roofing company servicing the Sioux Falls, SD region and including parts of Minnesota, Iowa, and Nebraska. Architectural Roofing & Sheetmetal, Inc. was established in 1989 and mainly specialized in sheet metal applications for low slope and standing seam roofing.

In 1995 the company expanded its services to include low slope roofing, such as adhered EPDM, mechanically fastened EPDM, and ballasted EPDM. We continue to offer additional services to our customers such as PVC roofing, TPO roofing, composite wall panels, flatlock wall panels, soffit panels and much more.

ARS, Inc, has always taken pride in providing a safe work environment for our employees, adhering to the OSHA safety regulations. Our crews have the equipment to get the job completed in the most efficient and safest way possible. We continue to grow and expand our business utilizing the latest technological advances to make us the leader in our industry.

### Future

In November 2017, Architectural Roofing and Sheetmetal joined Tecta America, the nation's premier commercial roofing contractor, to become a stronger roofing operation serving its customers and clients. Under the same leadership, the company, renamed "ARS, A Tecta America Company LLC," continues to put clients'
