Running a commercial roofing business is a tough job, especially in today's economy. That's why it gives us such great pleasure to recognize our GAF Master Select™ Contractors — who are among the industry's most prominent and successful commercial contractors. We can't thank each of you enough for your dedication to providing property owners with their best and safest choice in roofing.

Our personal, special thanks go to the Master Select™ Contractors listed above, who are our 2009 Excellence Award Winners for the Central, Northeast and Southeast Regions of the U.S. They have distinguished themselves as the top performers in one (or more!) of three service/training categories that are key to customer satisfaction.

Each of you should be genuinely proud of your achievements — and of being one of the “best of the best” in the roofing industry. Thanks for your support and we wish you continued success in 2010!
